

Budget Fact Sheet and Budget Template

Your project budget provides the total costs and revenue you must have to deliver your project.

Applicants need to consider both supply and installation costs and all potential income streams.

Budgets must have detail of all money that will contribute to the project (income) and the cost of all the items required to spend on the project (expenditure). This ensures you have considered your budget thoroughly and have the financial ability to deliver your project.

Suggestions in developing your project budget:

- Start with a project plan, so you have thought of everything you need to deliver your project.
- Explain and provide specific details for each item in separate lines provided (see sample below).
- Obtain and attach quotes or pricing, especially for larger items and capital projects.
- List all forms of project funding contributions including any ticket sales, other grants, donations etc.
- Don't over or underestimate your projects costs.
- The income total and the expenditure total must be equal; if not there are questions on the applications to allow you to answer how any profit is to be used.

Documenting In-kind support in your budget

In-kind support refers to any non-cash support towards your project by time of volunteers and goods or professional services by suppliers.

This may be in the form of donation of services or goods. Some examples include:

- voluntary labour (e.g., project labour, painting work, program facilitators etc)
- donated goods (e.g., kitchen equipment, catering, equipment hire)
- donated services (e.g., professional advice from an architect or other specialist consultants)

Estimating the work required will help determine your contribution and details the true value of your project.

The value of in-kind support should be reflected in both your income and expenditure.

Breakdown estimated in-kind support to show how the figure in your budget was reached. i.e.:

In kind service provided	Supplier	# of hours	Rate per hour	Total Value \$
Design and feature survey drawing	XYZ Conveyancer	2	\$45	\$90
Labour to install boundary fencing – 3 people	Nerring Men's Shed	10	\$20	\$200
Planning and coordination	General committee member contribution	5	\$20	\$100
Donation of fencing wire	Joe's Hardware Store	N/A	N/A	\$800

Applicants' financial contribution

There is requirement for larger projects to contribute financially:

- For small requests (under \$2,000), no applicant cash or in-kind contribution is required.
- For larger projects, applicants should provide contributing resources.
- Council will provide funding on a 2:1 basis for projects, meaning that for every \$2 provided by Council, successful applicants must contribute a minimum of \$1 towards the project cost (including in-kind).
- In kind contributions by business applicants will not be eligible for matching contributions.

Should applicants be able to demonstrate financial hardship, financial requirements may be negotiated. Please discuss with the Community Grants Coordinator, prior to lodging your submission.

Funding Category	Total	Funding Ratio
Biannual Community Grant	Up to \$2,000 \$2,000 and over	No contribution \$2 : \$1
Shop Façade Improvement	Up to \$5,000	\$1 : \$1
Biannual Event Sponsorship	Up to \$2,000 \$2,000 and over	No contribution \$2 : \$1
Responsive Grant	Up to \$750	No contribution

Compliant financial contribution – Biannual Grant and Event Sponsorship Category:

Council Requested Grant	Applicant Contribution		Total Project Value	Eligible	Explanation
	Cash	In-kind			
\$3,000	\$1,500	\$0	\$4,500	Yes	\$2: \$1 funding ratio met with cash
\$4,000	\$500	\$1,500	\$6,000	Yes	\$2: \$1 funding ratio met with in-kind and cash
