- Where possible, Pyrenees Shire Council adheres to a best fit policy, aiming to roster staff members who live in a close proximity to the client to keep transport costs lower for clients.
- Where clients request services to be delivered by a staff member who lives further away, this will affect the charge price for the client to cover the travel costs for their chosen staff member.
- The price charged will be \$1.35 per kilometre plus GST for staff to **travel** to where they begin their shift (being the client's home or Pyrenees Shire Council to collect a vehicle); and
- In the case of a transport shift, when the staff member is driving Pyrenees Shire Council's vehicle, the hourly rate for the staff to get to the client's home from Pyrenees Shire Council will be incurred.
- *Core Hours – services provided Monday to Friday between the hours of 7am-7pm.
