# 1. Introduction

Community action planning is as it suggests, action planning conducted by communities. Local action planning is an important process that assists communities to come together and identify what needs to be done in their local areas, and then to plan for how goals will be realised.

Pyrenees Shire Council recognises that community action planning (CAP) is vital to enable communities and Council to identify what needs to be done, and to seek funding to enable goals. Although CAP's are community developed, driven and owned, Council supports the process of action planning, and wishes communities to continue to plan for their local towns.

The Community Action Plan is a list of objectives and issues that a community puts together to create a catalogue of needs for their community.

The plan lists issues and has timelines set against the projects, it provides background information on the town and celebrates achievements to date.

A Community Action Plan is an important community document which helps a community prioritise community needs, set out a list of activities for a community and helps Local and State government understand what the needs are for communities.

The Pyrenees Shire Council refers to all community plans when making future plans that affect the shire and the communities within the Pyrenees Shire. Therefore the plans form an important part of the process, including the community grants.

## Scope of Beaufort Ward Community Action Plan

For the purpose of this Community Action Plan, the Beaufort Ward includes:

- Beaufort
- Trawalla
- Crossroads and Stoneleigh
- Lake Goldsmith and Stockyard Hill
- Waterloo
- Chute
- Main Lead

Raglan presents its own Community Action Plan.

## 2. Our Community: Location

The Beaufort Ward, is a predominantly rural area with emphasis on Sheep, Crops and Timber. It is centrally located within the Pyrenees Shire and includes the township of Beaufort, the localities of Trawalla, Buangor, Crossroads, Main Lead, Middle Creek, Neering and Raglan.

There is a good road network providing easy access within the Shire and to other locations. The Western Highway is a major route through Beaufort, Trawalla, Middle Creek and Buangor, providing a two hour road access to Melbourne and connecting to the two major rural cities of Ballarat and Ararat.

Current major works impacting on the Beaufort Ward are the Vic Roads Western Highway Duplication Project and the Pyrenees Shire Flood Restoration/Construction Works.

### The VIC Roads Western Highway Duplication Project Impact on Beaufort Ward:

The Vic Roads Western Highway Duplication Project - Melbourne to Adelaide, due to current road works, has created a significant impact on the traffic flow along with some changes in topography and demographics along the Western Highway between Ballarat and Ararat.

Between Trawalla and Beaufort, there has been acquisition by Vic Roads, of some residential dwellings, farm land and grapevines and relocation for some residents. Many trees and flora have been uprooted to make way for the new road however, we believe, designated significant sites, including flora and fauna will be preserved. There are major concerns by residents and businesses as to the impact the proposed future by-pass around Beaufort Township will have on the Beaufort CBD. Funding for planning of the Bypass was approved in the State Governments May 2014 budget.

### 75 and 100 Year Flood:

Having dealt with the previous 10 years of drought and water restrictions, the devastations and impact of the major flooding through the Pyrenees Shire in September, December 2010 and January 2011, reaching the 1 in 75 year flood level, rallied the Community, Shire Council and Emergency Services.

A continuing Flood Relief Program is in place. Major restoration and prevention works have been completed in a number of high impact locations within the Beaufort Ward and throughout the Shire, to prevent and/or minimise any future flooding impacting on residential housing, businesses and farms. Major works in the Beaufort Ward have been completed around the Beaufort Lake, King St, Skate Park/Pool / Primary School Area, Trawalla, and new culvert installations along the railway tracks.

### Bushfires:

Through the establishment of Fire Guard Groups, Fire Ready literature and media services and public information meetings, it has escalated the Community awareness and preparation in dealing with bushfire threats and prevention. The devastation of the recent Chepstow / Carngham Bushfires has re-enforced this.

### 3. Our Community: Strengths, Values & Attributes

Settlement of the area dates from 1838, with land used mainly for grazing. Growth took place from the 1850s, spurred by gold mining. The thriving township of Beaufort was established in the late 1850s with the surrounding land used mainly for agriculture and timber production. The railway line was constructed in the 1870s.

*Qualities of the Beaufort Ward valued by residents include:*

- *Strong sense of Community particularly dealing with adversity (flood, fire, drought)*
- *Pro-active Community Groups*
- *Diversity of Activities offered and opportunities to get together*
- *Good infrastructure in place - Local Government Offices, Hospital, Health Services and Providers, Aged Care, Schools, DSE, Retail Businesses and Industry, Sporting Facilities*

- *Weekly Local Newspaper*

Beaufort Ward encompasses a strong pro-active community with a population of over one thousand (1000) and over seventy three (73+) community groups and organisations catering for a wide variety of activities for all age groups.

The population is middle to ageing. Youth often leave the area for further study and career opportunities. Some new enterprises are coming into the area eg: Trawalla Chicken Farm and expansion to the Langi Kal Kal prison.

There is an increase in new dwellings being built due to opening of new land packages, in particular at Correa Park Beaufort.

There are over twenty four (24) meeting places.

Beaufort Township is the hub of local government within the Pyrenees Shire. The main Shire Council Offices and Town Hall, Shire Outdoor/Ground Staff storage areas have a central location within the township of Beaufort.

Within the Beaufort Ward the major services and facilities are located within the township of Beaufort.

With a well serviced infrastructure and as a town on the Western Highway, Beaufort offers tourists, visitors and residents alike a centrally located business precinct with a range of retail outlets including:

## 6. Vision for the Future

We envisage a vision for the future that includes:

- **The growth of the local communities, facilities and attractions**
  - **A Positive Council & Community relationship**
  - **Improving the “Liveability” of the Beaufort Ward**
  - **Engaging residents**
  - **Developing a town and district identity**
- 

Our vision explained:

### **The growth of the local communities, facilities and attractions:**

- Encouraging future growth through expansion of the three interconnected areas of; **resident population, industry, tourism**, creating potential growth in jobs, income, housing, infrastructure and services
  - a) **Residents** - Need housing to buy/to rent, work, education, promotes growth of infrastructure and services
  - b) **Industry** - Industry attracts work and population growth, attracts residents, infrastructure
  - c) **Tourists** - Generate income
- A population growth to create a strong diversified community
  - Attract a more multicultural influence
  - Promote availability of low cost land and housing for development, particularly as Ballarat expands westward.

### **Positive Council & Community Relationship:**

The Shire Council continuing to actively involve the Community in its decision making process:

- A Grants and Funding Co-ordinator, full time, appointed by the Shire to:-
  - Liaise with and inform groups of funding opportunities
  - Provide support to assist groups with Grant Writing
- Provision of better Youth Services and Resources
  - A Youth Officer, full time appointed by the Shire to act as a liaison between Shire, Youth and Community, develop and support youth programs and activities source funding
  - A permanent Youth Space
  - Buses for out of town youth to access facilities, parties
- Building further on cross generational and social links with youth to elderly, through skill and knowledge sharing

### **Improving the “Liveability” of the Beaufort Ward:**

- Provision of seating through the district to encourage people to walk, meet and rest when needed.
- Well maintained sealed roads and walkways within the town precinct.
- Roadsides clear from vegetation, undergrowth and overhanging trees.
- Safe pedestrian and bicycle paths.
- A continued recognition, upgrade and maintenance of areas /dwellings and buildings, of Historical Significance
- Support of refurbishment of Community Halls and Recreational Areas around the Beaufort Ward.
- A nice tasting town water supply.

### **Engaging residents:**

- People communicating ideas, sharing skills and working toward a common goal.
- Continued Recognition and encouragement of ‘Seniors’ and Youth, by the Shire, in Community Planning
- Continue to keep people informed through the regularly updated Events Calendar ,the Shire Website, Local Paper and Resources Centre
- Up to date pamphlets and visitor guides, accurate, and easy to read street and location maps
- Comprehensive maps of the area, which include historical and tourist sites
- Community Events – more emphasis on promoting events locally and beyond the Shire.
- Community run and owned amenities such as the local swimming pool.

### **Developing a town and district identity:**

- Improving the visual appearance of our town and environs (painting of buildings and cleaner streets, helping the elderly with their properties, clearing town entrances, maintaining roads and walkways, maintaining and clearing country roads)
- Shire Tourism information
- Promoting the district through Highway signage
- Collaborative promotions including - Media promotions, B4B, Shire Website
- Establishing a regular transport network of buses for access and connectivity to and from different locations within the Shire
- More signage including places of interest
- Establish creative bollards at the Railway Gallery precinct.

## 7. Key Areas for Achieving our Vision

By planning for the future under the following themes, the Community Action Plan can be aligned with Council Plans and assists community's and groups to identify a broad variety of themes which may have not previously been explored.

Environment Type	Including:
Social	<ul style="list-style-type: none"> <li>➤ Community wellbeing</li> <li>➤ Leadership</li> <li>➤ Health across all ages and households</li> </ul>
Natural	<ul style="list-style-type: none"> <li>➤ Maintaining and caring for the land</li> <li>➤ Water accessibility</li> <li>➤ Impacts of climate change</li> <li>➤ Peak oil</li> </ul>
Built	<ul style="list-style-type: none"> <li>➤ Infrastructure</li> <li>➤ Roads</li> <li>➤ Open spaces for recreation</li> </ul>
Economic	<ul style="list-style-type: none"> <li>➤ Skills development</li> <li>➤ Training</li> <li>➤ The workforce</li> <li>➤ The local economy</li> </ul>

There is already good infrastructure in place in the Beaufort Ward that can be built on as the area develops and grows.

The strong sense of Community within the Beaufort Ward is evident especially in times of adversity such as flood and fire.

There is a large volunteer group involved in the different Community Groups and Organisations.

### **Action Plan Strategies:**

The Beaufort Ward has identified the following goals that are important to them in achieving their visions for the communities in the Beaufort Ward.

The outcomes of many of the goals fall within 2 or more of the key areas for community development, **projects coloured red have been identified by the community as a high priority.**

**A number of the projects have their own action plan that has been developed. Please refer to Section 10: Project Action Plans**

## 9. Planning Process

The Beaufort Ward Community Action Plan was compiled from input from Community Groups and Individuals residing in the Township of Beaufort and surrounding district within the Beaufort Ward.

The initial Community Action Plans process began in 2004, resulting in the first Action Plan 2005-2008, the second 2008-2012 and the current plan (2010-2015) for each of the communities involved.

The process for this, now third, Community Action Plan, 2010- 2015 with a new Template format, began with Shire wide workshop /community group workshop meetings with the Pyrenees Shire's CAP Facilitator (hired from October 2010 to March 2011) at various venues within the Shire. A new \*Template format was introduced for the 2010-2015 CAPS.

\*Further discussion needs to occur regarding the New Template Structure/Format.

The 2010-2015 Beaufort Ward CAP process began with two initial meetings of Community Group representatives who had attended the Facilitators Meetings in Beaufort in October 2010. Community Groups were then contacted and several meetings were held in separate locations within the Beaufort Ward. Meetings were either held collectively, with representatives from separate Community Groups or with individual Community Groups. Information and input was collated and redistributed under the required headings within the new Template format to produce this first Draft of the Beaufort Ward CAP. 2010-2015

2012/2013 development of this Action Plan is being conducted with the assistant of the Beaufort Ward CAP Group. Currently members of the group are meeting with Community Groups and organizations for input into this Action Plan. It is envisaged that the document will be completed by mid February.

## 11. Additional documentation

### a. Beaufort Ward CAP Plan Update 2013:

- prepared for presentation to Council in March 2013.

### Beaufort Ward

Beaufort, Trawalla, Lake Goldsmith, Waterloo, Chute, Stoneleigh

## Community Action Plan

### Action Plan Report – 2013 Update

#### **Plan Coordination:**

As the Community Action Plan (CAP) Coordinator, Barb continues to meet with the variety of groups within each of the townships and residents in the Beaufort Ward to update the Community Action Plan. At this time, Barb is still waiting to hear from a few of the towns/groups, but the information below is a summary of the ideas/issues that residents have raised to date. The CAP plan in its entirety is currently being reformatted and will be completed in the coming weeks.

#### **Community Strengths:**

- Strong sense of community particularly dealing with adversity (flood, fire, drought)
- Pro-active community groups
- Diversity of activities offered and opportunities to get together
- Good infrastructure in place - Local Government Offices, Hospital, Health Services and Providers, Aged Care, Schools, DSE, Retail Businesses and Industry and Sporting Facilities
- Community events – bringing the community together
- Weekly local newspaper

#### **Community Challenges:**

- Major highway reconstruction along the Western Highway.
- Increasing truck traffic causing damage to the roads.
- Dealing with the impact that the Beaufort Township by-pass may have on local businesses, growth and tourism
- Strategies for growth by encouraging Industry, Population Growth and Tourism
- Supporting an ageing population
- Supporting Youth /Youth at Risk and Youth Re- Engagement
- Dealing with the impact of floods, bushfires and severe weather conditions.
- Providing transport to connect the community

### **Vision for the Future:**

- Growth of local communities, facilities and attractions.
- The community of all ages to be informed, supported and actively involved in Council decision making.
- Infrastructure to be functional and well maintained to encourage physical activity and social activities.
- Develop a town and district identity, and greater signage to promote attractions.
- To protect sites/dwellings of historical significance.
- To promote events locally and beyond.
- To further encourage and recognise the participation of the community of all ages in working together towards shared goals.

### **Priorities for next 12 months for consideration in Council Budget Planning:**
